**Miriam's Cup Blessing**

*Recite the following before drinking from Miriam's Cup on Passover:*

“This is the cup of Miriam, a cup of living water. A reminder of the Exodus from Egypt.”

**Note:** After the Yom Tov candles are lit - but *before* the blessing over the first cup of wine - the women at the Seder table are invited to fill Miriam's Cup with water from their own glasses and the statement is recited. The cup is then passed around the table and each guest either takes a sip or pours a little water from the cup into their own glass.
